

Press Release

Van Eerd crowned Best Managed Company 2014

This year Van Eerd has been judged to be one of the best managed companies in the Netherlands. This was the announcement made by Deloitte and ING on Thursday December 4th. The award is part of the 'Best Managed Companies' programme which Deloitte and ING are organising. Deloitte and ING conclude that the group of Best Managed Companies 2014 achieves a high score on the theme of 'Innovating business'. Van Eerd was also praised for its excellent organisation and the way in which the company is working continually, at all levels, to improve its performance day by day.

This year is the first time that Van Eerd has taken part in this programme and the critical jury selected it as one of the best managed companies. This was based on an assessment by Deloitte and ING of Van Eerd's strategy, operations, degree of innovation and financial results.

Roel van Eerd and Maarten-Jan Tacke, who together make up the board of directors, are proud of the fact that Van Eerd is one of the country's Best Managed Companies. They regard the award as a recognition of the fact that Van Eerd is on the right road and as a confirmation that they should continue along that same road. They are convinced that Van Eerd's success is determined first and foremost by its employees. The 'Best Managed Company' award is therefore an award for the whole team.

The Best Managed Companies programme is aimed at medium and large Dutch companies which have a turnover of at least fifteen million euros, are in good financial health and have a shareholding or independently authorised management. A list of the winners can be found at www.bestmanagedcompanies.nl
