W. H. Leary to Speak at BPiF Cartons' Technical Event

BASILDON, ESSEX– W. H. Leary will be presenting their latest quality control and waste reduction methods for packaging at BPiF Cartons' Technical Workshop on 30 April 2014 at the Old Rose & Crown Hotel, Birmingham. Attendees will have an opportunity to discuss the latest technical and regulatory issues with BPiF Cartons' Technical Advisory Group ('TAG'). This event is open to all BPiF Cartons' converter and sponsor members who can register online at <http://www.bpifcartons.org.uk>.

Attendees will also have a chance to learn more about Leary's [latest folding carton technologies](#) including iQ™ data collection with traceability and LearyVIEW™ Print for full surface print inspection. Further information on these technologies is available at www.whleary.com.

LearyVIEW™ camera systems detect print and registration surface defects as well as color monitoring, glue inside/outside the target area, Braille, code verification, insert / PIL and more. LearyVIEW™ Print for TaskMaster is the only complete carton print inspection system offering portability and retrofitting to most existing folder gluers.

Leary's **iQ™** cloud-based technology provides remote monitoring and support capabilities as well as secure data collection and reporting of overall machine performance and CTQ measurements, helping customers comply with emerging track and trace regulations and measure OEE metrics. This is a cost effective tool for analyzing machine performance, monitoring trends, and providing Six Sigma reports.

W. H. Leary, LTD is the supplier of choice for adhesive application, quality assurance and data collection solutions for the folding carton and corrugated packaging markets. Their proprietary technology, along with more than 80 years of experience, allows them to design, manufacture and deliver high quality systems that increase production, decrease waste, and improve the overall efficiency of the packaging process. For more information about the company, contact their UK Office at +44 (0) 1268 490 035, by email at sales@whleary.co.uk. or online at www.whleary.co.uk
